The central settlement south from Dubrovnik is the picturesque town of Cavtat, the ancient Epidaurum of the Adriatic; Civitas Vetus, the predecessor of Dubrovnik.

A Medieval town built according to zoning plans on the slopes of peninsula with two easily accessible bays. For centuries, its construction was based on the Dubrovnik principles of harmony.

Cavtat is the birth place of the great Croatia painter Vlaho Bukovac. His parental home has been transformed into a gallery of his paintings.

PRICE: 50 eur per person
